IE attaches great importance to data protection. Your personal data is collected and processed in compliance with the applicable data protection regulations, in particular the General Data Protection Regulation (GDPR, EU 2016/679).

1 Responsible

Responsible for the collection, processing and use of your personal data within the meaning of Art. 4 No. 7 GDPR is:

Rolf Tieben, Impact Energy, Gessnerallee 38a, 8001 Zurich, Switzerland

If you wish to object to the collection, processing or use of your data by us in accordance with these data protection regulations as a whole or for individual measures, you can address your objection to the responsible person.

You can save and print out this data protection declaration at any time.

2 General purposes of processing

We use personal data for operating the website and sending information (Topmotors/EMSA newsletters, advertising for Topmotors events and publications).

3 Which data we use and why

3.1 Hosting

The hosting services we use serve to provide the following services: Infrastructure and platform services, computing capacity, storage and database services, security services and technical maintenance services that we use to operate the Site.

We or our hosting provider process inventory data, contact data, content data, contract data, usage data, meta and communication data of customers, interested parties and visitors to this website on the basis of our legitimate interests in an efficient and secure provision of our website in accordance with Art. 6 P. 1 S. 1 f) GDPR in conjunction with Art. 28 GDPR.

3.2 Access data

We collect information about you when you use this website (Google Analytics). We automatically collect information about your usage behaviour and interaction with us and record data about your computer or mobile device. We collect, store and use data about every access to our website (so-called server log files). Access data includes:

- Name and URL of the retrieved file
- Date and time of retrieval
- transferred data volume
- Message about successful retrieval (HTTP response code)
- Browser type and browser version
- operating system
- Referrer URL (i.e. the previously visited page)
- Websites accessed by the user's system through our website
- Internet service provider of the user
- IP address and the requesting provider

We use this log data without allocation to your person or other profiling for statistical evaluations for the purpose of operating, security and optimisation of our website, but also for anonymous recording of the number of visitors to our website (traffic) and the extent and type of use of our website and services, as well as for billing purposes in order to measure the number of clicks received from cooperation partners. Based on this information, we can provide personalized and location-based content, analyse traffic, troubleshoot and correct errors, and improve our services.

This is also in our legitimate interest pursuant to Art 6 para. 1 sentence 1 f) GDPR.

We reserve the right to check the log data subsequently if there is a justified suspicion of illegal use on the basis of specific points of reference. We store IP addresses in the log files for a limited period of time if this is necessary for security purposes or for the provision or billing of a service, e.g. if you use one of our offers. After the order process has been cancelled or payment has been received, we will delete the IP address if this is no longer required for security purposes. We also store IP addresses if we have a concrete suspicion of a criminal offence in connection with the use of our website. In addition, we store the date of your last visit as part of your account (e.g. when registering, logging in, clicking on links, etc.).

3.3 Cookies

We use so-called session cookies to optimize our website. A session cookie is a small text file that is sent by the respective servers when you visit a website and stored temporarily on your hard drive. This file as such contains a so-called session ID, with which you can assign various requests of your browser to the common session. This will allow your computer to be recognized when you return to our website. These cookies are deleted after you close your browser. They are used, for example, to enable you to use the shopping basket function across several pages.

We also use persistent cookies (also small text files that are stored on your terminal device) to a small extent, which remain on your terminal device and enable us to recognize your browser the next time you visit. These cookies are stored on your hard disk and delete themselves after the specified time. Their life span is 1 month to 10 years. This enables us to present our services to you in a more user-friendly, effective and secure manner and, for example, to display information on the site that is specifically tailored to your interests.

Our legitimate interest in the use of cookies, pursuant to Art. 6 para. 1 sentence 1 f) GDPR, is to make our website more user-friendly, effective and secure.

The following data and information are stored in the cookies:

- Log-in information
- Language settings
- Entered search terms
- Information about the number of visits to our website and use of individual functions of our website.

When the cookie is activated, it is assigned an identification number and your personal data is not assigned to this identification number. Your name, IP address or similar data that would allow the cookie to be assigned to you will not be placed in the cookie. Based on the cookie technology, we only receive anonymised information, for example about which pages of our website have been visited, which products have been viewed, etc.

3.4 Data for the fulfilment of our contractual obligations

We process personal data that we need to fulfil our contractual obligations, such as name, address, e-mail address, ordered products, billing and payment data. The collection of this data is necessary for the conclusion of the contract.

The data will be deleted after expiry of the warranty periods and statutory retention periods. Data associated with a user account (see below) will always be retained for the duration of the account.

The legal basis for the processing of this data is Art. 6 Par. 1 S. 1 b) GDPR, because this data is required so that we can fulfil our contractual obligations towards you.

You can set your browser so that you are informed in advance about the setting of cookies and can decide in individual cases whether you want to exclude the acceptance of cookies for certain cases or in general, or that cookies are completely prevented. This may limit the functionality of the website.

3.5 Newsletter

To register for the newsletter, the data requested in the registration process is required. The registration for the newsletter is logged. After registering, you will receive a message at the email address provided asking you to confirm your registration ("double opt-in"). This is necessary to prevent third parties from registering with your email address.

You can revoke your consent to receive the newsletter at any time and thus cancel the newsletter. You will find a unsubscribe link on our website and at the bottom of each mailing.

We store the registration data as long as it is required for sending the newsletter. We store the logging of the registration and the shipping address as long as there was an interest in proving the originally given consent, as a rule these are the limitation periods for civil law claims, i.e. a maximum of three years.

The legal basis for sending the newsletter is your consent in accordance with Art. 6 para. 1 sentence 1 a) in connection with Art. 7 GDPR in conjunction with § 7 para. 2 no. 3 UWG. The legal basis for logging the registration is our legitimate interest in proving that the dispatch was carried out with your consent.

You can cancel your registration at any time without incurring any costs other than the transfer costs according to the basic rates. A message in text form to the contact data (e.g. e-mail, fax, letter) mentioned under point 1 is sufficient for this. Event recommendations

We will send you event recommendations for Topmotors Events by e-mail independently of the newsletter. In this way we can provide you with information about events from our event calendar that you may be interested in based on your participation in events (e.g. workshops, motor summit) or services with us. In doing so, we strictly comply with legal requirements. You can object to this at any time without incurring any costs other than the transmission costs according to the basic tariffs. A message in text form to the contact data (e.g. e-mail, fax, letter) mentioned under point 1 is sufficient for this. Of course, you will also find a unsubscribe link in every e-mail.

The legal basis for this is the legal permission according to Art. 6 para. 1 sentence 1 f) GDPR in conjunction with § 7 para. 3 UWG.

3.6 E-Mail Contact

If you contact us (via e-mail), we will process your details to process your inquiry and in the event that follow-up questions arise.

If the data processing takes place for the execution of pre-contractual measures which take place at your request or, if you are already our customer, for the execution of the contract, the legal basis for this data processing is Art. 6 Para. 1 S. 1 b) GDPR.

We will only process further personal data if you give your consent (Art. 6 para. 1 sentence 1 a) GDPR) or if we have a legitimate interest in processing your data (Art. 6 para. 1 sentence 1 f) GDPR). For example, there is a legitimate interest in replying to your e-mail.

4 Google Analytics

We use Google Analytics, a web analysis service of Google Inc. ("Google"). Google Analytics uses "cookies", which are text files placed on your computer, to help the website analyse how users use the site. The information generated by the cookie about the use of this website by page visitors is usually transferred to a Google server in the USA and stored there.

This is also in our legitimate interest pursuant to Art 6 para. 1 sentence 1 f) GDPR.

Google has signed and certified itself under the Privacy Shield Agreement between the European Union and the USA. By doing so, Google undertakes to comply with the standards and regulations of European data protection law. Further information can be found in the following linked entry: <https://www.privacyshield.gov/participant?id=a2zt0000000001L5AAI&status=Active>

We have activated IP anonymization on this website (anonymizelp). However, this will cause Google to reduce your IP address within Member States of the European Union or in other states party to the Agreement on the European Economic Area. Only in exceptional cases will the full IP address be transmitted to a Google server in the USA and shortened there. On our behalf, Google will use this information to evaluate your use of the website, to compile reports on website activity and to provide us with other services relating to website and Internet use.

The IP address transmitted by your browser in the context of Google Analytics is not merged with other Google data. You may refuse the use of cookies by selecting the appropriate settings on your browser, however please note that if you do this you may not be able to use the full functionality of this website.

You can also prevent the transmission to Google of data generated by the cookie and relating to your use of the website (including your IP address) and the processing of this data by Google by downloading and installing the browser plug-in available under the following link: <http://tools.google.com/dlpage/gaoptout?hl=en>

As an alternative to the browser plug-in or within browsers on mobile devices, you can click the following link to set an opt-out cookie to prevent future collection by Google Analytics within this website (this opt-out cookie only works in this browser and only for this domain. If you delete the cookies in your browser, you must click this link again): [[Google Analytics disable](#)]

5 Storage time

Unless specifically stated, we only store personal data for as long as is necessary to fulfil the purposes pursued.

In some cases, the legislator provides for the storage of personal data, for example in tax or commercial law. In these cases, the data will only be stored by us for these legal purposes, but will not be processed in any other way and deleted after expiry of the legal retention period.

Your personal data will be transmitted encrypted. This applies to your orders and also to the customer login. We use the SSL (Secure Socket Layer) coding system, but point out that data transmission over the Internet (e.g. communication by e-mail) can have security gaps. A complete protection of data against access by third parties is not possible.

To secure your data, we maintain technical and organisational security measures in accordance with Art. 32 GDPR, which we constantly adapt to the state of the art.

Furthermore, we do not guarantee that our offer will be available at certain times; disruptions, interruptions or failures cannot be ruled out. The servers we use are regularly and carefully secured.

8 Disclosure of data to third parties, no data transfer to non-EU countries

In principle, we only use your personal data within our company.

If and to the extent that we involve third parties in the performance of contracts (such as logistics service providers), these personal data are only received to the extent to which the transfer is necessary for the corresponding service.

In the event that we outsource certain parts of data processing ("order processing"), we contractually oblige contractors to use personal data only in accordance with the requirements of data protection laws and to ensure the protection of the rights of the person concerned.

Data transmission to places or persons outside the EU outside the case mentioned in paragraph 4 of this declaration does not take place and is not planned.
